SPRING CATALOG AND PRICE LIST

*Our job:*

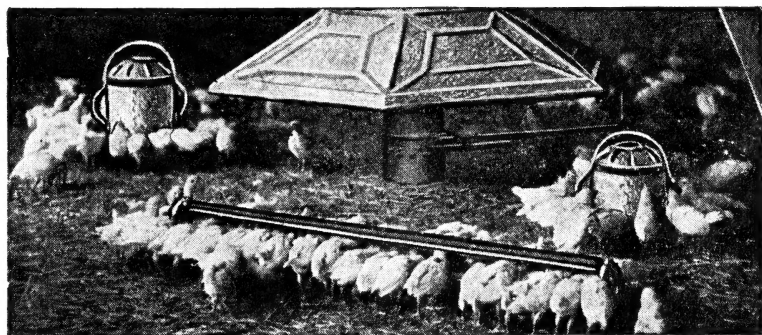

To help pass the "Ammunition" in the food production line.

Our entire force will do their best.

Sincerely,

Serving You Since 1926

NORTHERN SEED CO.

SHERIDAN, WYOMING

Dear Friends and Customers:

This year our catalog is what you might call "streamlined" and cut to the smallest in size of any we have put out for a number of years. There are two reasons for this. First, we have been very busy, and it takes time to make up a larger catalog. The second and most important is that we deem it absolutely necessary to cut our operating expenses as much as possible in order to sell the best seed and feeds we can at the lowest possible prices. A special obligation is, we feel, imposed on the seed industry in this regard because no "ceiling" prices have been set on seed.

Our many years of experience in selecting stocks of seed especially adapted to Wyoming and Montana make our services more valuable than ever at this time when production of food is so essential to our own and the national welfare, and you can depend on us to maintain our high standards of quality.

We hope to serve you whenever you are in need of items in our line.

NORTHERN SEED COMPANY

H. D. Watenpaugh, Manager.

About Guarantee

We have used every possible care to secure seeds that are true to name, carefully selected, and all lots are tested thoroughly for both germination and purity. Owing to so many conditions beyond the control of either the seedsmen or planter, however, we give no warranty, express or implied, as to the productiveness of any seeds we sell and we will not be in any way responsible for the crop. Our liability, in all instances, is limited to the purchase price of the seed.

NORTHERN SEED COMPANY.

"PROVED HARDY UNDER TEST"
is more than a slogan—it's a fact.

VEGETABLES--for Victory Gardens

How war has changed the gardening picture! In peace time, many of us raised a garden merely for our own personal pleasure and enjoyment (and gardening is to many indeed a pleasure) rather than from economic need. Today we find it not only a means of helping Win the War, but it may even become our only sure supply of adequate food for our families.

We are truly blessed in living in a place where a little effort on our part will produce such wonderful crops of healthful vitamin-filled vegetables. We offer varieties that have proven themselves adapted to our conditions in Wyoming and Montana.

Grow a VICTORY GARDEN—enough for liberal use during the summer months, and some to can for next winter.

Flower Seeds

Let flowers brighten your Victory Garden! A Victory Garden without a few flowers will be as lacking in balance as will a large tract devoted to flowers alone. "Man does not live by bread alone" and flowers can do much to cheer and strengthen us in the trying hours we are passing through.

While we are not able to give full descriptions, nor show many illustrations, we carry the very best flower seeds obtainable. You can't go wrong in depending on us for your flower seeds. Some separate colors and varieties we have in stock are not in this list. Ask us for what you want.

Nursery Department

Our nursery at Fairacres has gotten to be quite a place, and more and more folks are finding they can secure their plants, trees and nursery stock from us, not only at a saving in money often times, but also with assurance that they will secure real quality. Visitors are always welcome, and mail orders will be given careful attention.

Guarantee: All items of nursery stock are guaranteed to be alive and in first class condition, capable of growing, when they leave our hands. If, when received by the customer, they are not entirely satisfactory, they may be returned at once at our expense and we will refund the money paid or give you other stock of equal value. We further guarantee that if any dormant stock does not grow if properly planted and cared for, we will refurnish it at one-half list price the following season, provided we are notified in writing not later than August 1st. The same items or other nursery stock of equal value may be re-ordered. We want only well-satisfied customers, otherwise we would not make this liberal guarantee.

Quantity Discount: A discount of 5% will be made on orders totaling \$10.00 or more, exclusive of Evergreens. Ask for special quotations on large landscaping jobs.

Delivery: All stock, except balled and burlapped evergreens and any items over 7 ft. long will be delivered free by parcel post to points within 300 miles of Sheridan. Evergreens and stock over 7 ft. long delivered free in Sheridan and its suburban areas; to other points by the cheapest fast delivery, charges collect.

HUDSON EQUIPMENT

As our old customers know, we have handled the Hudson line of poultry equipment, sprayers and garden tools for years.

This year production of this type of equipment and supplies is greatly curtailed and we are not listing any items. We have some feeders, water founts, sprayers and garden tools left in stock from last year's purchases, and may be able to secure a partial supply. Prices will be the same as last year.

Dr. Salsbury's Poultry Remedies

We carry the Dr. Salsbury's line of poultry remedies. These are highly effective. A sick flock of chickens will make you no profit.

Field Seeds

Although taking up very little space in our catalog, the handling of field seeds is really a major part of our business, and we give it very careful attention.

Every lot of seed we offer is carefully tested for germination and purity, and bags are tagged in accordance with State and Federal laws.

You can depend on getting quality seeds from us at all times, at the best prices the markets will allow.

All prices are F. O. B. Sheridan, and are subject to stock on hand. Markets on field seeds fluctuate from day to day, so that prices herein listed are subject to change without notice.

Items marked with * are packed in our specially branded heavy cotton bags, 100 lbs. net weight. No extra charge for bags.

Other items of field seed packed in burlap bags, weighed in free.
